Response to Invitation to Pay Additional Fees

International Searching Authority (European Patent Office) P.B. 5818 Patentlaan 2 NL-2280 HV Rijswijk THE NETHERLANDS

Sir:

In response to the Invitation to Pay Additional Fees mailed by the International Searching Authority on March 10, 1999, Applicants hereby elect to pay the additional fees to have a search performed on all of the claims in the application. The International Searching Authority has established that three separate inventions are present. A search has been conducted on the first invention represented by claims 1-9. The fees included herewith are for the examination of the invention of Group 2, represented by claims 10-18, and for the examination of Group 3, represented by claims 19-24.

If, for any reason, the International Searching Authority concludes that it still cannot conduct a search on all of the claims in the present application, it is respectfully requested that Applicants' undersigned attorney be contacted in the United States at (202) 639-6585.

Respectfully submitted,

15th December 1999

Dear Sirs

International Patent Application No. PCT/US98/18284 NovoNeuron, Inc., et al Our Ref: REP06002EP

The Written Opinion dated 01.12.99 is not only considerably overdue, but also incomplete. It considers claims 1-9 only, and indicates that the Applicants have "neither restricted nor paid additional fees". As will be apparent from the enclosed statement, two additional preliminary examination fees were paid on 31st August, in response to the Invitation dated 04.08.99.

Therefore, although the Applicants do not intend to make any amendment to the specification, in the international phase, I ask that the International Preliminary Examination Report is now issued, and refers to all claims.

Please date-stamp and return the attached Form 1037 to me, as acknowledgement of receipt.

Yours faithfully GILL JENNINGS & EVERY

Text for Form PCT/IB/345 Guinea-Bissau

On 08 May 1998 (08.05.98), Guinea-Bissau deposited its instrument of accession to the Bangui Agreement establishing the African Intellectual Property Organization (OAPI), and as from 08 July 1998 (08.07.98), the date on which it became bound by that Agreement, it will be possible for PCT applicants to designate Guinea-Bissau for an OAPI patent. Furthermore, as from 08 July 1998 (08.07.98), it will no longer be possible to designate Guinea-Bissau for a national patent, but rather, any designation of Guinea-Bissau in an international application filed on or after 08 July 1998 (08.07.98) will have the effect of an indication of the wish to obtain an OAPI patent.

Because the designation for an OAPI patent of any State which is party both to the PCT and to the OAPI Agreement automatically has the effect of a designation of all such States for an OAPI patent; it is not possible to make a designation for an OAPI patent of only some of those States. Thus, the designation of Guinea-Bissau for an OAPI patent in fact results in the designation of all OAPI states for an OAPI patent.

Therefore, as explained above, the purported designation of Guinea-Bissau for a national patent has been cancelled ex officio by the International Bureau, and

- a. the designation "OA" has been corrected to include "GW Guinea-Bissau" in the list of States covered by that designation.
- b. the designation "OA", which was not made by the applicant, has been added.
- c. the designation "OA" including the indication "GW Guinea-Bissau" made by the applicant is maintained.

RESPONSE TO INVITATION TO CORRECT DEFECTS

The Assistant Commissioner for Patents Box PCT Washington, D.C. 20231

Attn: PCT International Division

Sir:

This communication responds to the Invitation to Correct Defects mailed October 5, 1998, for the above-captioned International Application,

The sole error referred to in the Invitation to Correct Defects relates to Figures 1A and 1B. These were filed on a single sheet and it is alleged that they are not clearly separated from one another. In order to correct this defect, Applicants are submitting herewith a substitute sheet in which Figure 1A and Figure 1B have been separated from one another. No substantive changes were introduced into the graphs shown on the substitute sheet and no matter was either added or deleted. Since the inclusion of this substitute sheet clearly does not materially alter the application, it is respectfully submitted that it be entered in the place of its originally filed counterpart.

Conclusion

In view of the enclosed substitute drawings, it is respectfully requested that the authorized officer withdraw the present objections to the application and allow it to proceed to publication. If, in the opinion of the authorized officer, a phone call may expedite handling of this application, the authorized officer is invited to call Applicants' undersigned attorney at (202) 639-6585.

Respectfully submitted,
